Spay/Neuter Agreement & Conditions of Sale

The buyer of the puppy described in this contract agrees that said puppy is in good physical condition at the time of purchase. Buyer should have health verified by veterinarian within 72 hours of purchase-during this period puppy may be returned for health problems.

This puppy is to be provided with all necessary veterinary care at the buyer's expense and be kept in good general health which includes but is not limited to proper feed and flea control. Seller will provide buyer with a complete record of shots given to date and details of puppy's diet.

The buyer agrees that this puppy is to remain a house dog and will be provided with an adequate fenced in exercise area. This puppy will not be allowed to run loose and will not be left chained or tied up. The buyer also agrees that this puppy is not to be sold, co-owned, leased, sub-leased, given away or put down without the written consent of the seller, Von Kue Hounds Dachshunds. If at any time during this puppy's life it cannot be kept by the buyer, for whatever reason, it will be returned to the seller at the buyer's expense.

Buyer further understands that this puppy is being sold as a pet and agrees to spay/neuter this puppy by the age of 8 months. Seller will contact buyer for verification of the spaying/neutering. The buyer will receive AKC papers assigned to this particular puppy with limited registration.

It is Von Kue Hounds Dachshund's intention to prevent, by implementing this spay/neuter policy, both accidental and intentional breedings which we consider harmful to the quality of the breed. It is also our intention to do everything possible to ensure that the life of this puppy is a happy and healthy one, thus we justify the other conditions of sale.

The buyer has read and agrees to all the conditions stated in this contract and understands his/her responsibility as the new owner of this puppy.

By signing this contract both buyer and seller agree to adhere to all conditions stated herein, no exceptions. Buyer further understands that if for any reason he/she does not adhere to the conditions of this contract, Von Kue Hounds Dachshunds will take whatever legal action necessary, including court action, to regain possession of said puppy.
